

STORY 10. SORT TRAINING WITH JAVASCRIPT

As a user known by the system
I want to sort a specific table

So that I can have only one sorted table

WIREFRAMES:

| er | | | | | | |
|------------|------------|-------|-------|-------------------|----------------------|------------------------|
| TrainingID | Date | Start | End | Duration (in min) | Edit | Delete |
| 35 | 2010-10-10 | 10:01 | 10:15 | 14 | Edit | Delete |
| 36 | 2011-10-10 | 03:00 | 09:15 | 375 | Edit | Delete |
| 48 | 2000-09-09 | 09:05 | 10:31 | 86 | Edit | Delete |

| er | | | | | | |
|------------|------------|-------|-------|-------------------|----------------------|------------------------|
| TrainingID | Date | Start | End | Duration (in min) | Edit | Delete |
| 35 | 2010-10-10 | 10:01 | 10:15 | 14 | Edit | Delete |
| 36 | 2011-10-10 | 03:00 | 09:15 | 375 | Edit | Delete |
| 48 | 2000-09-09 | 09:05 | 10:31 | 86 | Edit | Delete |

| er | | | | | | |
|------------|------------|-------|-------|-------------------|----------------------|------------------------|
| TrainingID | Date | Start | End | Duration (in min) | Edit | Delete |
| 35 | 2010-10-10 | 10:01 | 10:15 | 14 | Edit | Delete |
| 48 | 2000-09-09 | 09:05 | 10:31 | 86 | Edit | Delete |
| 36 | 2011-10-10 | 03:00 | 09:15 | 375 | Edit | Delete |

ACCEPTANCE CRITERIA:

- When I click on the column name of a specific table, the table will be sorted on the values of that column
- The table will be sorted independent from the other tables.
